## FIG e-Newsletter August 2014

Dear Colleague,

Welcome to the FIG e-Newsletter, which brings you latest information about FIG and its activities. The information referred here is in full length available on the FIG web site. Thus the e-Newsletter is produced to inform you what has happened recently and what interesting things are going to take place in the near future. The FIG e-Newsletter is circulated monthly or bi-monthly by e-mail. The referred articles are in English and written in a way that you are able to extract them to your national newsletters or circulate to your members and networks.

### Article of the Month

Each month on the FIG web site we publish a paper called the Article of the Month. This is a high-level paper focusing on interesting topics to all surveyors. It can be picked up from a FIG conference or another event.

The Article of the Month in August 2014 is written by Gary Strong and David Pilling (United Kingdom): **Why Technical Standards are not enough for Professionals Working in Land, Property and Construction and the Importance of International Standards on Ethics**. This article was presented at the FIG Congress 2014 in Kuala Lumpur, Malaysia. The paper explores the opportunities and very real benefits that could be afforded not only to professionals working in land, property and construction but also to clients, the public and society more generally by the setting, promotion and monitoring of international standards on ethics.

### FIG Working Week 2015 – First Call for Papers

It is our privilege and honour to invite you to the **FIG Working Week 2015** to be held from **17 to 21 May 2015**. The Working Week is hosted by the International Federation of Surveyors, FIG and the Chamber of Graduated Surveyors, Bulgaria as the local host. Our Bulgarian colleagues are experienced professionals and great hosts as they have had the leadership of FIG and have successfully organized several memorable international events, FIG Commission workshops and the FIG Congress in 1983. The FIG Working Week 2015 is locally supported by all relevant local major sectors, such as the academia, the government and the private practitioners.

The overall theme of the Working Week is **"From the Wisdom of the Ages to the Challenges of the Modern World"**. Bulgaria is an ancient country with a rich story and heritage of the ages and this theme will be included in several parts of the programme of

The Theater that is used in the 2015 Working Week logo

the Working Week.

The carefully prepared Technical Programme will offer both specially invited high profile presentations and papers that are selected through the open call for papers procedure.

The Call for Papers is open for both **peer review** and **non-peer review** submissions. The deadline for **full papers** for peer review papers is: **20 October 2014** (please also remember to submit your abstract by the deadline).

Deadline for abstract submission for non-peer review papers: **15 November 2014**.

## Fourth Session of the United Nations Committee of Experts on Global Geospatial Information Management, 6 – 8 August 2014, United Nations Headquarters in New York

*"The many environmental, developmental and humanitarian challenges we are facing today, make it increasingly apparent that location matters. Thus, geospatial information is fundamental to decision making, policy formulation, measuring and monitoring development elements, all critical to the post 2015 development agenda. I encourage you to remain continuously engaged and provide your expert advice for all the processes mentioned above."* said Mr. **WU HongBo**, Under-Secretary General for Economic and Social Affairs, United Nations (6th August 2014).

## 21st Meeting of the International Steering Committee on Global Mapping 5 August 2014, United Nations Headquarters in New York

L-R: Stefan Schweinfest, Director, UN Statistics Division; Toru Nagayama, Secretary General ISCGM & Prof. Paul Cheung, Chair ISCGM

ISCGM had its birth at the first Rio Conference and is supported by a commitment of the Japanese Government to this day. They proposed the "Global Mapping Project" as a contribution to global environmental conservation from the mapping sector, in response to "Agenda21" adopted at the "Earth Summit" in 1992. ISCGM currently also cooperate with UN-GGIM and its Working Group on Global Mapping for Sustainable Development (WG GM4SD). ISCGM is participated by UN member states and is currently chaired by Prof. Paul Cheung. FIG has liaison status and was represented by President CheeHai Teo.

## 2014 Annual Meeting of the Joint Board of Geospatial Information Societies (JBGIS) 4 August 2014, UN Statistics Division, 2 UN Plaza, New York

The 2014 Annual Meeting of JBGIS was attended by nine of the ten participating international organization. The meeting agreed to support ICA's initiative for an "International Map Year" that will be launched at ICA's 2015 Congress. The initiative will seek to showcase and raise awareness of the contributions and importance of geospatial information, of cartography and of maps. The fourth Session of UNGGIM endorsed ICA's proposed initiative for the "International Map Year" for 2015/2016.
